

Cockpit coaming is made of 1/2" half round molding

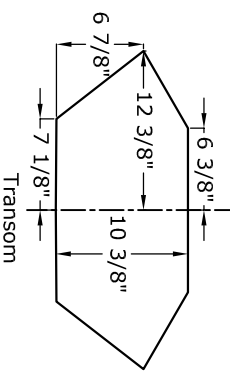

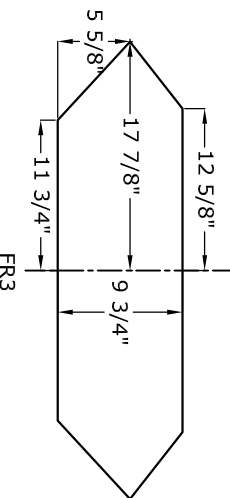

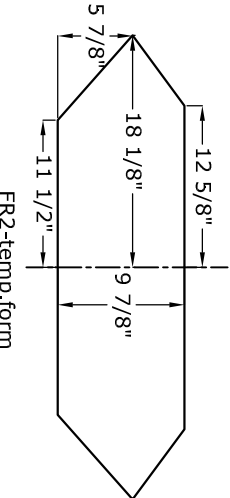

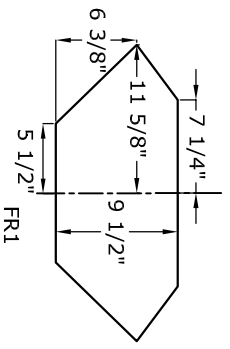

PARTICULARS

- LOA - 9' 3"
- Beam - 39"
- Approx. Weight - 39 lb.
- Max. Payload - 270 lb.

Runner board - laminated of 3 pcs. 1 3/8" x 3/4"

NOTES

1. Frames 1, 3 and Transom cut from 1/4" plywood, same as hull panels.
2. Frame 2 is made of any scrap wood or plywood available.
3. Drain plugs or inspection ports can be installed in FR1 and FR3.
4. Runner board must be installed on the bottom, laminated of 3 pcs. 1 3/8" x 3/4". It protects the bottom and creates lateral resistance as well.
